## PROFESSIONAL SUMMARY

I am a full-stack developer and IT Diploma graduate (Richfield, expected Dec 2026) who was named Top Academic Achieving Student in a cohort of 180+. I take ownership end to end, from understanding a client's real need through to shipping a working system. I have led a 16-member cross-functional team to a distinction-level result and independently delivered production systems for live small-business clients. I am looking for a graduate programme where ownership, energy, and client impact count from day one.

## TECHNICAL & PROFESSIONAL SKILLS

**Languages & Frameworks:** JavaScript · TypeScript · Java · Python · C++ · C# · HTML5 · CSS · Tailwind CSS · React.js · Vite · Node.js

**Data & Cloud:** Supabase/PostgreSQL · SQL schema design · Cloud fundamentals (AWS)

**Tooling & Deployment:** Git & GitHub · Vercel · GoDaddy · Namecheap (domain setup, hosting and live deployment)

**Currently building:** .NET, via independent practice projects

**Soft Skills:** Adaptability & Continuous Learning · Cross-functional team leadership & Collaboration · Agile/Scrum · Resilient & Innovative · communication · Problem-solving & Critical Thinking · Time Management & Ownership.

- Python Essentials 1, Cisco Networking Academy, 2024
- JavaScript Essentials 1, Cisco Networking Academy, 2024

**Verified assessments (TestGorilla, Sep 2026):** Software Engineer: 98th percentile · Clean Code: 93rd percentile · Coding: Entry-Level Algorithms: 87th percentile

## ACADEMIC & LEADERSHIP EXPERIENCE

### Final Year IT Project — Team Lead

- Led a 16-member cross-functional team to successfully deliver a distinction-level final-year project.
- Coordinated planning, task allocation, and project integration activities.
- Applied Agile practices to ensure successful project delivery.

### IT Diploma Student & Peer Learning Lead

- I delivered a full-stack dissertation web application at distinction level, owning the front-end (JavaScript/React/Vite/HTML5) and its PostgreSQL data layer.
- I led a 5-person group project to a distinction, running Agile planning and retrospectives.
- I earned Top Academic Achieving Student honours, ranking top of 180+ students.

## WORK EXPERIENCE

### Independent Developer

- I put the client's real-world needs first for a wellness-counselling business by delivering a fully functional client-facing booking and intake system that is now live.
- I built a live business's day-to-day operations tooling system that handles real transaction and inventory workflows for a small automotive parts business, as well as their e-commerce website.

### Projects

- **Qhawelethu Wellness Counselling** : A client-facing booking and intake platform for a neurodiversity-affirming counselling practice, with a relational Supabase schema.
- **TrackServ**: A civic reporting platform with a live admin dashboard, real-time data subscriptions, and community engagement features.
